### Meal Sign-Up, Pick-Up & Delivery Info

March 19, 2020

Dear Wabasha-Kellogg families,

This is an update on our meal delivery service that began on Wednesday, March 18, and is running smoothly, thanks to many helping hands!

As you know, the entire situation surrounding COVID-19 changes on a daily, sometimes even hourly, basis. Some of these changes affect our meal service.

**Beginning on Monday, March 23, breakfasts and lunches will be available FREE to any person under the age of 18.**

There are 2 ways for your children to receive these meals:

1. Delivery to your home (Someone must be present to receive the meals. Meals cannot be left sitting outside due to food safety issues.)  
OR
2. Pickup at Faith Lutheran Church (**905 Hiawatha Drive East/Across from City Hall - Pool**) in Wabasha between 11:30 and noon. (Pick up can be done by drive-up, or by walk-up. Students are allowed to pick up their own meals without an adult.)

Children who are registered at the Falcon Nest will have the option to have their meal at that location.

**If you wish to participate, you must fill out the survey in the link below by Friday, March 20 at 3:00 p.m.**

This deadline is important so that meal planning, driving routes, and pick-up distribution can be coordinated over the weekend.

The survey will ask if you require delivery or if you will pick up. This is important so that we know how many meals to prepare, and how you will receive them. Please do not show up at the pick-up site without having signed up, or there may not be enough meals prepared.

**Even if you filled out the first survey and are currently receiving delivered meals, you must fill out the new survey so that we know if you still request delivery, or if you will be picking up.**

(For your information, anyone who received a meal on March 18-20 will NOT be charged for those meals.)

Depending on the changing situation, and the number of families signing up for meals, this service may continue to change and evolve. We are so appreciative of your cooperation, patience, and flexibility! If you have questions, please contact Food Service Director Kristi Kropp at [kkropp@wkfalcons.org](mailto:kkropp@wkfalcons.org) or 651-565-3559, ext. 204.
