

Good afternoon Sci High Families,

I hope this week's **Friday Spring Break Message** finds you and your family doing well. This is unprecedented times and first and foremost to us is that you and your students are taking care of yourselves and those you love. I hope you are taking advantage of our "Spring Break" and taking some time away from our new daily routines. However, I didn't want to delay some important pieces of information you may need as we go into our extended school closure.

Updates for April 10, 2020:

- The Louisiana Department of Education has provided several long documents containing frequently asked questions (FAQs) which pertain to graduating seniors and all other students. I have summarized those documents for your convenience and attached them to this message. Hopefully, you will find this very helpful as we navigate through the end of the school year. **Please see attachments.**
- Our teachers have created a new "Online Learning Playbook" -- a one-stop shop for students and families to see all of the lessons and assignments they are responsible for each week. The link can be found on the Home Page of the school website (www.noscihigh.org).

Other reminders:

- You should have received your **registration packet** for the 2020-21 school year. If you have not received it, please email Ms. Madison (dmadison@noscihigh.org) as soon as possible.
- **Completed registration packets** (including copies of three new proofs of residency and a copy of your driver's license) should be returned to school. Someone will be available to receive them at the school on Tues. and Thurs., between 12:00pm - 2:00pm. Otherwise, you may mail the packet and documents or scan and email (as long as it is password protected) to registration@noscihigh.org.
- Students should check their school-issued email **daily** and check in with teachers according to their teachers' instructions.
- Students should be completing assignments. These assignments are to make sure that they are maintaining skills during this time away from class.
- The Student Based Health Clinic is open from 8:30 - 4:30, but is **only able to do telemedicine (virtual) or phone consults**. They are still able to refill prescriptions electronically. Please call the Nurse Practitioner if you have questions, at (504) 613-5648. If there is an emergency, please call 911.

That's all for now! Enjoy your Spring Break! Please be safe!

-Dr. Cola
