

April 24, 2020

Dear Armada Area School Families,

I hope everyone is well and staying safe. We have made it through six weeks of the COVID-19 crisis. The world is watching Denmark as they are the first country to send young students back to school. Let's hope all goes well for them.

Governor Whitmer extended the "stay home, stay safe, save lives" order through May 15th. Therefore, students will not be able to get into buildings to get their belongings until late May at the earliest. If a student has some critical learning materials in his/her locker, please contact the school office and someone will assist you.

The district successfully distributed close to 500 Chromebooks to families this week. For families that do not have internet access at home, our staff will provide hard copies of learning materials on an individual request basis.

We are already planning for the 2020/21 school year. We are preparing for multiple scenarios, but hopefully our students will be able to return to campus! I am putting together a back-to-school task force in order to make sure we do everything possible to have a safe learning environment for students and staff.

If you have any questions, ideas, or concerns, my door is usually open. For now, you can reach me at mmusary@armadaschools.org. Please stay safe.

Sincerely,

Michael G. Musary, Ed.S.
Superintendent of Schools
