

Families,

Winthrop Harbor School District will begin to offer breakfast and lunches to any child under the age of 18 starting Monday March 23rd. We will offer food twice a week that will span the course of 5 days. Also if your child has a Chromebook that is need of repair, we will collect and distribute those during the same time as the food pick up. We will only be open at North Prairie Junior High School, Westfield Elementary will remain closed throughout the state closure.

Food Pick-up and Chromebook drop off will be...

Monday from 9:00am to 12:00pm
Thursday from 9:00am to 12:00pm

Please enter the main parking lot and drive through the basketball courts until you reach the metal railing on the right hand side of the driveway. Please stay in your car and a staff member will ask how many children you will be feeding. We will then gather that amount and let you load it into your vehicle. You will then exit by driving around the back side of the building towards 5th street.

Also starting Monday, the district will have a Remote Learning link for students and/or parents to use as a way to continue educational practices as long as we remain in a state closure. You will be able to find the link on our district website in the top yellow bar. We have included other educational links provided by Zion Public Library to help children further their educational practices.

If you currently do not have internet, please be aware that Comcast is offering free 60-day internet to qualifying families. You can contact them at (224) 789-7604 or at xfinity.com

Thank you,
Jeffrey McCartney
Superintendent of Schools
Winthrop Harbor School District #1
