

Please be advised that as of March 18, 2020, all Central Office staff and building principals will be working remotely and will be accessible through email Monday through Friday. The buildings will not be opened for a minimum of two weeks. If you or your child needs instructional materials, please contact the building principal through email to make arrangements. For those receiving lunches, pickup location will continue to be at the Middle School from 7am to 8am, 11am -12pm, and 4pm to 6pm. Moreover, our facilities have been, and will continue to be, deep cleaned ensuring a safe, non-viral environment for the return of school. My office will continue to update the community as viable information comes forward. Last, please refer to the district website for information regarding the public meeting scheduled this week. I hope that everyone remains healthy and please reach out immediately if the district can assist you or your family.

To our eligible Free & Reduced lunch families,

In order to make it easier for our families to pick up pre-made takeaway lunches, we are expanding our pick up times. Beginning Thursday March 19, the new expanded pick up times are: 7-8 AM, 11-12 PM and 4-6 PM @ Hackettstown Middle School. Also, lunches for multiple future days can be picked at once to ease the burden of traveling on a daily basis. If for some reason these expanded hours still present a problem, please reach out to your building principal to discuss making other arrangements. Please note that during this period of closure, the price for reduced lunches is being waived. All eligible Free & Reduced lunch families will receive lunch at no cost.
