

MHS Continuity Learning

During the school closure, MHS students will access online/distance learning from our teachers. They will participate in required classes to maintain skills and progress in curriculum.

Google
Classroom

Google Classroom is the platform we are using to share academic content with students. Using their school email and school Google account, MHS students can input the following codes to access class activities. Students without internet/cellular data service, please contact the school counselor. Hard copies are available.

Note: Students in our online lab should continue in those classes. Also, Baker College has resumed their classes online. Student with NMC classes should continue, per NMC guidelines. CTC students should be contacted by CTC for those requirements.

Active Classes

- | | | | |
|---------------|---------|--------------|---------|
| ▪ English 9 | fg3dfev | ▪ Biology | b7l23yp |
| ▪ English 10 | m6cqkc2 | ▪ Chemistry | rks24y6 |
