

April 19, 2020

Good Evening Rosholt Parents:

Please see below links to access your child(ren)'s learning activities for April 20-24, 2020.

- [Elementary School Instructional Activities Listing](#)
- [Middle/High School Instructional Activities Listing](#)
- [Meal Program Sign-up](#) (pick-up Monday & Wednesday)
- [Online Library Catalog](#) and [Online Library Book Request](#)

This week's [Family Tips](#) shared by our School Counselors and Psychologist focus on mental health and wellness community resources. Please take a moment to familiarize yourself with options provided through nearby support agencies.

All of the above links can be found on the [school district's](#) website [E-Learning](#) tab.

We will be hosting two dates - May 4 and 5 - for parents to come to the school to pick-up student belongings left in lockers or classroom desks. Information will be shared in the near future regarding the assigned dates and times for parents coming to the school and the pick-up procedures. Unless it is urgent to access a student owned item left at school, please wait for our pick-up dates as we will have staff on hand to facilitate retrieval.

Seniors: we have not forgotten you! In the coming weeks, we will be organizing end-of-year activities including graduation. Please look to our forthcoming requests for feedback from your class officers, advisors, as well as Mr. Grygleski. Your thoughts and opinions matter to us as we plan for this summer. We look forward to celebrating your accomplishments, albeit with possibly rescheduled dates and in a slightly adjusted manner.

Your child(ren)'s teacher is the best resource to respond to immediate questions and concerns regarding instruction. You can also contact our school principals, [Mr. Grygleski](#) in the Middle/High School Office and [Mrs. Cline](#) in the Elementary School Office for assistance.

Take care,

Christopher Thompson, EdD

District Administrator
