

Good Afternoon,

Governor Brian Kemp announced this afternoon that all public schools in Georgia will remain closed throughout the remainder of this school year. We are awaiting his signed executive order for specific details that may be contained within the order and will provide guidance thereafter to our employees, parents/guardians, and students regarding home instruction.

We will continue to provide meals to students throughout this crisis on Mondays and Wednesdays. We have cancelled the prom at the high school, all athletic events, and are working on plans for a dignified and safe graduation option for our seniors considering these unique circumstances.

We need for students to continue to work on the assignments provided by their respective teachers and to have open communications with the schools regarding the assignments and grades. Please also understand that students must complete the work in order to receive a passing grade.

Please make sure that everyone around you complies with the necessity for social distancing, washing hands frequently, and for refraining from touching their face.

These are very trying times for all of us and I personally pray for each person to not get sick and that there is no further loss of life.

May God bless all of us!

Dr. Jim Pulos

Superintendent of Schools

McIntosh County
