Thursday, March 12, 2020

Dear Lemmon Community,

As the Coronavirus (Covid-19) makes it's appearance in South Dakota, we want to inform our community that we are working closely with the South Dakota Department of Health, CDC, and local medical professionals. The health and safety of our student population is what's most important to us. We currently don't have any cases in our schools, but we will continue to monitor the situation.

Our custodial staff is working diligently to disinfect all surfaces and common areas in our buildings. It is also important that students and staff are:

- Washing hands with soap and water.
- Covering coughs and sneezes into tissues or elbow.
- Refraining from touching their eyes, nose, and mouth.

If someone is sick, please contact their health care provider and, if need be, please stay home and get well. For further questions, South Dakota has a Covid-19 Information Line you can call with questions. 1-800-997-2880, or visit, <http://www.cdc.gov/coronavirus>.

Sincerely,

Steven C. Bucks
Superintendent
