Panther Families....Please Share!

As you are probably well aware by now, Governor Inslee, in collaboration with Washington State Superintendent of Public Instruction Chris Reykdal officially cancelled on-site learning for the remainder of the school year. I will be partaking in two Zoom meetings tomorrow to gain further perspective and guidance on how school districts can and should move forward between now and the end of our traditional school year. With that said, here are three things I can promise you moving forward.

1. As long as we have access to the supplies, we will continue to prepare and distribute meals throughout the remainder of this closure to all of the families who have requested them (available to individuals under the age of 18).
2. We will continue to provide learning opportunities through a distance learning model. This will be done via packets, on-line learning, and the use of virtual classroom discussions through platforms like ClassDojo, Google Classroom and/or Zoom for all of our students. Teachers will continue to be in contact with families to map this out.
3. We will figure out a creative way to honor our seniors with a diploma for the blood, sweat and tears they have invested the past 4 years of high school. It may not be a traditional graduation ceremony, but it will be something they will always remember.

As you know, we are currently honoring our previously scheduled spring break this week (April 6-10). Our staff will virtually reconvene early next week to discuss and plan the rollout of our next phase of engaging learning opportunities for our students. As always, I will provide regular updates via social media and on our district website. Please remain patient as the specifics of this unprecedented closure continue to unfold. Together, we shall persevere!

Respectfully,
Don

The Panther Way!
