April 17, 2020

Dear Parents and Caregivers,

We continue to navigate the required Health Related School closure in order to ensure that our students receive the educational programming and supports they need, while being mindful of the health and wellbeing of students, staff and of our school community at large. As I have indicated in past communications, I am in awe of the determination, commitment and willingness to support others that has been demonstrated by all members of the Green Township School District family.

During his press conference held on Thursday, April 16, 2020, Governor Murphy announced that all NJ schools will remain closed at least through Friday, May 15, 2020. As such please be advised that at this time the Green Township School District will be extending the Health Related School Closure through May 15, 2020.

Our Remote Learning plans will continue to be provided during this period of closure, and all days of instruction via remote learning will count towards the mandated 180-day requirement.

All school activities are cancelled during this extended closure. We will continue to reevaluate and assess the situation based upon current information and directives from Governor Murphy, the New Jersey Department of Education, and the New Jersey Department of Health as new information becomes available.

Remote learning days will resume on Monday, April 20, 2020. In order to ensure that all students are receiving instruction and are progressing appropriately, please continue to keep in touch with your child's teachers and let Mrs. Burneyko know if your child is ill and not able to participate on any given day. Our administration, faculty and staff continue to be available to support you and your child during the remote learning process. My best wishes to you and your families as you enjoy the rest of your spring break.

Very truly yours,

Lydia E. Furnari, Ed.D.  
Interim Superintendent
