March 30, 2020

Dear Parents,

On March 27, 2020, the State Superintendent of Education declared remote learning days beginning March 31, 2020 until the time that in-person instruction can resume. As stated in the guidance, remote learning is learning that happens outside the traditional classroom because the student and teacher are separated by distance and/or time. Remote learning can be real-time or flexibility timed, and it may or may not involve technology.

During Remote Learning Days, schools may implement either an E-Learning Plan or a Remote Learning Plan that provides students with instruction and access to educators through whatever means possible.

Therefore, beginning March 31, 2020, we expect all students to use online and/or print materials displayed on the E-Learning area of our website: www.cch160.org. If the closure is extended beyond April 7, 2020, we will implement our Remote Learning Plan and communicate expectations and additional requirements at that time. The Remote Learning Plan will be teacher driven with more specificity per grade and/or subject.

Beginning March 31, 2020, attendance will be taken and E-learning lessons will be graded. Teachers will contact you and their students. We do not expect you to replicate the regular instructional day and recommend the following engagement times: 90 minutes for Zenon Sykuta students; 120 minutes for Meadowview students; and, 180 minutes for Southwood students.

As always, feel free to contact your school administrator if you have questions or concerns.

Respectfully,

Earline Scott, Ed.D.
Interim Superintendent of Schools
