## **School Closure Extended Until May 4**

Governor Greg Abbott extended school closures in Texas until Monday, May 4, to implement the strongest level of social distancing and slow the spread of COVID-19.

Due to this executive order, Aquilla ISD's doors will remain closed and our instructional packets, online learning, and free weekly meal services will remain in place until May 4.

Many have asked about graduation and other future activities. While we are still uncertain of a lot of things, our goal is to be able to return to school in May and finish the year strong with each other. Therefore, at this point, we do not anticipate the changing of our graduation date and/or ceremony.

We cannot emphasize enough the role YOU play in slowing and stopping the Coronavirus. We encourage you to practice social distancing, continue good hygiene, and to stay at home during this time.

If you have any questions or need anything during this closure, please feel free to contact us at [info@aquillaisd.net](mailto:info@aquillaisd.net).

Respectfully,
