

UPDATED INFORMATION CONCERNING COVID-19 VIRUS

Parents/Staff:

As of this morning, the Oklahoma State Department of Education has made the decision that all school buildings be closed for the remainder of the school year. They are however recommending that a distance learning plan be put into effect that will allow education to continue at home for our students at Pioneer Pleasant Vale. As of this moment, we are waiting on the distance learning framework to be sent to us from the Department of Education. As soon as we receive this, the administration will put together a plan that will ensure your child will continue to have educational opportunities to continue to learn, especially with support of you as parents at home. It is important to remember that distance learning is not exclusive to online learning. The school district will spend the next two weeks planning for this transition, and will share more details with you as they become available.

Unfortunately, all extracurricular activities and special events/ceremonies have been canceled or postponed as well. We know that these activities and events are extremely important to our students, but we feel at this time it is simply the right thing to do. We know for our seniors and their parents that these decisions are very disheartening. We will continue to brain storm and will do everything in our power to recognize and help celebrate your achievements.

Please continue to take advantage of the free breakfasts and lunches available for our students at the two sites (Jumbo's East parking lot and the High School), as these will continue.

We realize that you must have a lot of questions at this time. We are working with the State Department of Education, and are awaiting information from them on a hourly basis. Please continue to monitor our school website at ppv.k12.ok.us as we will post updates as they become available. We know this is a challenging time for you all as it is for us. As soon as we identify our next steps, we will share them with you.

Thank you.
