Dr. Neil English, Curriculum Coordinator, Ext. 4060

Dear Riverview families,

Governor Tom Wolf announced Monday, March 30, that the mandated closure of Pennsylvania schools is now indefinite due to the efforts of authorities to contain the spread of COVID-19 (Coronavirus). This means that all Riverview schools will remain closed at this time and there is no set date to reopen. This message provides important information so that you can be informed and able to plan as best that you can.

As you know, our staff has long been hard at work designing lesson plans that have been emailed to families. These plans are also posted online and linked on the homepage of our website at www.rsd.k12.pa.us. On the homepage, you can also find detailed letters from each building principal that include instructional guidelines and grading expectations that were sent last week. The homepage also includes a staff directory, technology assistance, meal distribution information and more.

Please remember that our goal is to be as realistic as possible as we work together to provide our continuation of education for our children. Our teachers and administrators have been fine-tuning a realistic, appropriate and reasonable plan over the last two weeks. We realize that each family has a different circumstance in their life right now and we want to emphasize that **your family comes first and education comes second.** We will continue working together and adjusting things, if needed, to assist everyone along the way.

All standardized testing for this school year has already been cancelled.

At this time, we have NOT been contacted by officials regarding any concerns related to COVID-19. Rest assured, if this is brought to our attention we will provide all recommended communication to our families, as quickly as we can and through multiple channels.

Again, we thank each and every family and student for their efforts and cooperation during this unprecedented time. We will get through this together!
