

April 9th, 2020

Dear PCS Families,

I am writing to update you on the COVID-19 situation and the impact on our school closure. As stated in the joint press release that just came out PCS will remain closed through the end of this school year. Although our buildings will be closed our distance learning program and support services will continue through May 22nd our last day of school. This decision follows recommendations from local health departments and is in collaboration with government officials. Regardless, it was an extremely difficult decision to make, but it is imperative that we take bold measures to further mitigate the spread of this virus to help save lives in our community.

Our team will continue to be here (virtually) to help in any way we can. We will also continue to communicate regularly including our Tuesday updates.

Stay strong and stay well PCS Family!

Sincerely,

Dr. Julie Frugo

Head of School
Premier Charter School
