Core Components

Nutrition: No good education is complete without the proper nutrition to fuel it. Food distribution dates will continue on a weekly basis. Meeting this basic need is a crucial step in providing the best education possible.

Special Education: Support for our Special Education, IEPs and 504 Plans are built into the plan. Staff will, in good faith, keep in contact with students, provide progress reports, provide feasible and practical evaluations, and meet other needs to the best of their ability.
