SCHOOL CLOSURE UPDATE

April 5, 2020

Dear Parents and Community Members:

I wanted to let you all know that while there has been a lot of discussion about the employee at Vassar Community Schools who has tested positive for COVID-19. I wanted to assure you that as soon as the person became aware of any symptoms, they and the Vassar Community School District immediately followed the advice and protocol from both the Covenant Health Care System and the Michigan Department of Health and Humans Services. This was all done to minimize the risk of spread or further contamination.

We, at Millington Community Schools have been following all of the World Health Organization protocols for dealing with this strain of coronavirus. We will continue to follow those protocols as we continue with the Meal Delivery Program and begin working on our Continuing Learning Plan for our children and the Michigan Department of Education.

As we receive more updated information and guidance from the Governor's Office and the State of Michigan, I will pass it along to you.

Again, thank you for all of your patience, understanding and support.

Sincerely,

Lawrence R. Kroswek

Lawrence R. Kroswek, Superintendent
Millington Community Schools
