

## COVID-19 Resources

Effective Monday, March 16, 2020, all schools within the Chaffey Joint Union High School District, along with other West End San Bernardino County districts, will be closed until April 6, 2020, while we evaluate the appropriate path forward with regard to the coronavirus (COVID-19) outbreak. Although no confirmed cases of the coronavirus have been reported on any of our campuses, we are dealing with a public health crisis the magnitude of which none of us could have reasonably anticipated. We are all in uncharted waters as we work together to prevent the spread of the illness, and it has become clear that the appropriate path is to close schools to protect staff and students.

While our schools are closed, we encourage families and students to practice social distancing by staying home as much as possible and by avoiding gatherings of people. We know this is a difficult time and we will continue to provide support to our Chaffey Family members during our closure. The following resources are available and many can be accessed online or telephonically. We will continue to update this list.
