Governor's COVID-19 Executive Order: LCSD Response

Governor Tate Reeves has announced the closure of all Mississippi public school buildings for the remainder of the 2019-2020 school year.

"Governor Reeves's decision to keep our school buildings closed allows the LCSD to more clearly plan a path moving forward," said LCSD Superintendent Dr. John-Mark Cain. "The district will continue to promote our HEROES distance learning program while making some adjustments to how we provide instruction to our students. Our district is committed to remain a positive resource to our communities and will continue to be sensitive to the social-emotional, physical, and instructional needs of all of our students."

The safety and well-being of our students and staff is always our top priority. We will continue to take guidance from the Governor and the Mississippi Department of Education. We will also contact our families with more information. Thank you for your patience and support.
