April 2, 2020

Hello Eastern Greene Families,

Governor Holcomb and Superintendent of Public Instruction, Jennifer McCormick, have announced that our school buildings will be closed for the remainder of the 2019-2020 school year. It was also stated that we should continue to educate our students at home. We will continue providing instruction via paper packets and online opportunities. We will also continue providing food service.

The state is requiring that we complete 160 school days. All of the days we have used for “home learning” count toward the 160 day requirement. I will meet with my administration team on Friday, April 3, and we will discuss decisions on any changes that we may make to the adjusted school calendar. Any adjustments to the school calendar will be communicated as soon as possible.

I ask that you continue to be patient as we try to get information to you as quickly as we can. We are getting much of this information at the same time as you. School leadership often needs to meet first to disseminate the information before we can release any decisions or changes. This is a very fluid situation and we must adjust as new information is shared.

I know there are still questions concerning Prom and Commencement Activities. We will strive to hold these events, but we also must abide by executive orders on social distancing. We will share information on these important events in the future. Take care of yourselves and your loved ones.

Sincerely,

Trent Provo

Trent Provo
Superintendent
