CORONAVIRUS (COVID-19) UPDATE

April 9, 2020

Dear Parents and Guardians,

Thank you for everything you continue to do to support your children in remote learning during these extraordinary circumstances. I continue to be amazed by the level of remote interaction taking place across our district each day. These unforeseen and unprecedented events have created an intense experience for our students, families, staff, and community as a whole. As we pause for spring break, I hope that we can all collectively take a breath and a moment to be proud of how we are supporting our families, students, and ourselves.

Governor Murphy has extended the Public Health Emergency executive order by 30 days, until May 7th. While it is not clear how this may impact schools, it is reasonable to assume that we will continue with our remote learning program indefinitely. He has also waived the state assessment requirement for eighth and twelfth graders. No decisions have been made at this time regarding end of year events and activities.

I wish everyone a Happy Easter and a Happy Passover, with time to connect remotely with family and friends. I also send thoughts and good wishes for the speediest of recoveries to any of our members of Hawk Nation who may be struggling with the coronavirus.

- We will continue to work together, look out for one another, and support the health of our school community.
- We will continue to work our way through this one step at a time.
- We will be charged up and ready to get back to work with our students on Monday, April 20th!

Sincerely,
Bonnie Edwards
Superintendent of Schools
