March 16, 2020

To the WISD Community,

During this time of uncertainty, I want to assure our school community that I am closely monitoring the COVID 19 situation. I am in daily contact with the Texas Commissioner of Education and various health officials to receive guidance about the latest information as this situation evolves.

During this week of spring break, our custodial staff will continue to deep clean and disinfect each of the buildings.

WISD plans to start school on Monday, March 23. If the decision is made to postpone school, we will post information on the school website as well as each of the campus facebook pages.

The three campus principals and I will continue to have discussions about the best possible ways to deliver instruction to our students if school closures are necessary. Realizing that many children depend on breakfast and lunch at school, WISD will continue to serve our children in the safest environment possible.

The safety of our students, faculty, and staff is our top priority in any decision-making. Thank you for your understanding during this challenging time.

Kurt Ashmore
WISD Superintendent
