

Dear Families,

As you have heard, the decision has been made to close all Ohio schools starting Friday March 13th through April 3rd, returning to classes on Monday April 6th.

We are unaware and waiting for more guidance on how this will affect our originally scheduled spring break from April 13th-17th. We will communicate with you as soon as we receive more information. Please understand we are aware that families may have previously scheduled plans for this week and we will try to accommodate the needs of all our families during this time.

It is important that over this extended break our students continue to practice their skills and keep their minds focused on learning and growing. Over the last few days your student will receive a packet of activities to work on during this time away from school. The intention of these packets is to support the learning momentum and continue to develop and sharpen our student's skills in preparation for state tests and individual student growth and long-term success. Teachers will be available for support during this timeframe through the current communication already in use. If you would like to order a lunch for you student please notify the school at 330-752-2766 on the day before by 2:00 PM. Lunch pickup will be at the school from 11:00 AM to 12:00 PM.

You will be receiving direct information from your school Principal and your child's teacher for assigned work over this extended break. We appreciate your partnership and support at this time. Your child's academic growth as well as their health and safety will remain our focus.

Thank you,

Paulette Hare

School Superintendent
