April 14, 2020

Dear Parents,

Today, April 14, 2020, Governor Tate Reeves announced that all schools in the state will remain closed through the end of the school year. In response to this directive, PPSD will continue its at-home learning. All at-home assignments and instructional packets previously assigned will be due Monday, April 20.

Students may submit all assignments electronically to their teachers by emailing scanned copies of the instructional packets directly to their teachers by April 20. Printed copies of student assignments may be dropped off at the schools on **April 20 at two different times: 7:00-9:00 a.m. and 11:00 a.m.-1:00 p.m. in a curbside manner.** More details about the drop-off process will be sent to you from the principals.

In addition to submitting the completed instructional packets, the next at-home learning assignment will be available on April 20. Each school has developed a cross-curricular project for students to complete. The project assignments will be posted on the district website under "Distance Learning." All are encouraged to use the online version if at all possible. For those who cannot access the district website, you may pick up a copy of the project assignment on April 20. This new assignment will be due May 1. During this time, we will continue to offer additional support to our students through a variety of ways. And as always, be sure to email your child's teacher if you have any questions or need additional assistance.

As we approach the end of the school year, we will be making decisions in the best interest of everyone. More information will be forthcoming over the next few weeks. We will keep pushing forward! #WeArePearl

Sincerely,
Raymond C. Morgigno, Ph.D.
Superintendent of Schools
