To the RSU 73 Community,

Per Maine Commissioner of Education Pender Makin's recommendation, with Governor Mills' approval of that recommendation, RSU 73 schools will be preparing for remote learning for the remainder of the school year. If the Commissioner and/or Governor were to declare it safe to return to on-site learning before our last day of school, we would consider returning to on-site education at that time to allow students and staff to have closure for this academic year.

It continues to be our goal to be a source of support during this stressful period. During the school closure period, RSU 73 staff will continue to provide remote learning activities for students. We understand that each household's circumstances are different. When it comes to remote learning, all that we ask is that you do the best that you can. Please understand that it is our intent to make sure that students will be held harmless when it comes to grading and grade promotion because of this national pandemic, as long as a good faith effort is given.

We will continue to be updating you by our RSU #73 website: www.rsu73.com, by school messenger and the local paper.

We will also continue feeding students with bagged breakfast and lunches at certain locations throughout the 3 towns. Remember those locations are on the website. Also, on our website is a list of support numbers as well as a link to daily video updates and home instruction parent resources. Please take care of your families, stay healthy and do not hesitate to reach out to us if you are in need of assistance.

Respectfully,

Scott Albert
Superintendent
