Dear Caesar Rodney Families,

With the closing of our schools, we have worked to provide our students with ongoing activities to support the education of our children. Our online platforms continue to be available for our students as well as paper/pencil options.

Our teachers and staff are excited to begin working daily with our students again. Please see the attached letters which provide instructions for what remote learning will look like in the Caesar Rodney School District. In addition to using Clever and Schoology to access activities, teachers will also use Zoom as a virtual link to provide directions and communicate with their students. If you do not want your child to participate in the Zoom session, or if you do not have a computer or internet please contact your child's teacher or principal so that we can establish an alternate means of communication.

All of our teachers will be having office hours so they are available to our families. Please do not hesitate to reach out via Schoology Messenger, email, or call the school directly to set up a conference with your child's teacher.

In addition, we have established a Technology Hotline, which can provide you with various supports/help for your child's technology needs. Please call (302) 698-7950 between 8 AM and 4 PM for support.

How much has our world changed in these last three weeks? Our expectations along with how we view the world around us change daily. As our history and the history of the world we live in evolves, I encourage you and your children to keep a weekly journal with notes and pictures of what is happening around the world and right here in our community. Now is the time to document our own history so it can be shared with future generations. As we move forward there will be challenges, setbacks, and success. As a community, and as a family, we will get through this together.

Stay well and stay safe,

Kevin R. Fitzgerald

As we move into the new world of remote learning, many of you are concerned about how your student will be graded. The guidance we have received from the Delaware Department of Education is that remote learning is for the purpose of review and reinforcement of skills. Until we are able to determine if all students have access, no new material will be taught or graded. Currently, our 3rd marking period grade book remains open. This will allow any student who needs to complete an assignment, turn in missing work or take an assessment to be able to work with their teacher prior to those grades being finalized. The third marking period will officially close once students return to school and new instruction can begin.

Should time not permit seniors to begin new instruction, the third marking period grade will serve as a second-semester grade. The high school will combine the first three marking periods and first semester exams and will determine a final grade, class rank, and Valedictorian.

A determination for final grades for those students in grades K-11 will be made once a determination is made by the Governor as to when school will reopen and what new material can be taught in the time that remains.

Stay well and stay safe,

Kevin R. Fitzgerald

“Where Educational Excellence is a Tradition”

Caesar Rodney High School Remote Learning Student Day

As we transition into our Remote Learning, your child should follow the directions here to access daily activities.

1. Have your child log on to Clever (clever.com/in/crk12) and click on the Schoology Icon.
2. Students will then click on **“Courses”** to find their **Scheduled Class Period**.
3. Look for the **Remote Learning Daily Template** to find your links and activities for the day.

If you are unable to join the remote learning sessions, they will be recorded and loaded into Schoology in your child's class. For families who prefer the paper/pencil packet of work, they should follow the directions on the packet that was provided.
