

Good Afternoon, Grove City Area Families and Staff,

This is Dr. Finch, superintendent of schools. Our Safety team has spent the day in consultation with PA Department of Education, Department of Health and Mercer County Safety Resources. I understand that actions and school closures are being announced in many counties surrounding us. Mercer County Schools are working together to provide a unified plan. All Grove City families will receive a detailed update no later than 12:00PM on Sunday, March 15.
