April 1, 2020

Alta Loma Parents and Students,

Today Governor Newsom supported the recommendation made last night by State Superintendent of Public Instruction Tony Thurmond to keep all school sites closed for the remainder of the school year. Our County Superintendent, Ted Alejandre, is aligned with this decision and recommends all schools in San Bernardino County follow this directive due to current safety concerns and the need for ongoing social distancing.

However, we will continue to provide online distance learning for the remainder of the school year. You can also communicate with teachers via Google Docs, email and other means.

I acknowledge that these are some of the most challenging times we have gone through as a school community, but I am confident that together we will overcome any obstacles we face. Our continued patience, compassion, and empathy for each other will be needed now more than ever, as we face the reality that students will not be able to finish the school year in a traditional setting with their classmates, teachers and friends.

We encourage you to support your child's distance learning as much as practical and reassure them that they will be ready for next year.

We are working on arrangements for 8th grade promotion, the return of books and other traditional end-of-year activities.

Most importantly, please continue to take care of yourself and your family by practicing social distancing, avoiding public places, and limiting contact with others so that together we can prevent the spread of this virus.

James Moore
Superintendent
Alta Loma School District
