

3/13/2020

Dear Parents and Caregivers,

Late this afternoon we received word from Governor Evers to close schools beginning Wednesday, March 18, 2020. Because this information is so new, our team will convene this weekend whether to make a decision to close for the entire week of March 16, 2020.

Expect follow-up communication sometime the afternoon of Sunday, March 15, 2020.

We will examine our ability to deliver services such as food service as well as our ability to offer remote education services next week and beyond.

As stated in yesterday's communication, this remains an active and fluid situation. In closing, thank you for your support during this challenging time. Our students and staff have done an excellent job keeping their focus all week!

Respectfully,

Terry Slack
